Mentor Protégé Program
Andre' Laws Grading & Backhoe Service
Andre' Laws, CEO

Andre' Laws Grading & Backhoe Service was established in 1999. After finding his expertise in machinery and mastering the bulldozer, Andre' learned that his skills could be used to run his own business.

Expertise and equipment are the real measure of any company offering earth moving & grading services in today's competitive marketplace. Their highly skilled team uses teamwork to ensure that the projects they undertake are done correctly, on time and on budget. Andre's dedicated and highly-trained workforce does a modern maintenance checklist to minimize downtime and ensure maximum productivity.

Andre' Laws has successfully participated on many projects in the Triangle Area. Some of these projects include: The Museum of Life and Science, North Carolina State University, North Carolina Central University and Glaxo-Smith Kline.
